Re: List of Approved Builders

To Whom It May Concern:

As you may know, under the terms of World Sailing's Olympic Equipment Policy, the International Laser Class Association was required to appoint new builders for the Laser class boat. To avoid trademark issues, these new builders will be selling class legal boats under the ILCA brand, and have entered into trademark agreements with ILCA for this purpose.

Along with the current builders, Performance Sailcraft Japan and Performance Sailcraft Australia, below is a list of manufacturers have received provisional approval are now authorized to purchase and sell class-legal equipment from approved suppliers.

As a supplier of class-legal parts and equipment, please feel free to negotiate with and sell ILCA parts and equipment to the following companies:
